SAFETY PRECAUTIONS

(a) Operator protection

If medical advice is needed, have product container or label at hand.
Do not breath vapour or spray mist.
Do not get in eyes, on skin, or on clothing.
Do not eat, drink or smoke when using this product.
Wash hands and face before eating, drinking or smoking.
If you feel unwell stop work immediately, apply first aid measures and call a POISON CENTER or doctor.
Wash body thoroughly and change clothing after working.
Wash contaminated clothing and protective equipment before reuse.
If this product is tank mixed and applied together with plant protection products, operators need to wear the Personal Protective Equipment specified on the label of the plant protection product.

(b) Environmental protection

Do not contaminate water with the product or its container.
Do not clean application equipment near surface water. Avoid contamination via drains from farmyards and roads.

(c) Storage and disposal

Store in the closed original container.
Keep the product at a temperature between 0 and 25°C in a dry and well-ventilated place. Protect from sunlight.
RINSE CONTAINER THOROUGHLY by using an integrated pressure rinsing device or manually rinsing three times. Add washings to sprayer at time of filling and dispose of safely. Do not re-use empty containers.
